

Knights Bridge

WINE LIST STANDARDS

ABOUT KNIGHTS BRIDGE

Sonoma County is a remarkably diverse growing region and the hills of Knights Valley offer a precise climate for wine grapes. Nestled on the pristine, undeveloped west side of the valley, our sustainably farmed vineyard rises to 900 feet in elevation on the rocky slopes of the Mayacamas mountain range, at the perfect intersection of climate and location. At Knights Bridge Winery we are guided by a deep respect for nature and grounded by our rural roots. Our focus is on crafting wines of energy and purpose that are unmistakable expressions of our estate terroir.

WINE LIST STANDARDS

The following guidelines detail the wine naming conventions that support the Knights Bridge brand standard. When used correctly, these conventions support the goal of attaining consistent brand representation. By following this guide, we help define Knights Bridge Winery among wine buyers, restaurant staff, consumers, and our industry at large.
